

## **Castles**

### **Verse 1**

You left my love, you hit the target  
You got that rush and then you walk out the door  
You kept me small, it's what you wanted  
I never noticed

### **Verse 2**

You held my hand into the darkness  
I didn't care it made me just want you more  
My god your love it seems so harmless  
I never noticed

### **Pre-Chorus**

And I hate that you're gone  
And I hate that I don't wanna let go  
And I hate that you think that I'm weak  
Cause I don't wanna let you know

### **Chorus**

I'm gonna build castles  
From the rubble of your love  
From the rubble of your love  
I'm gonna be more than  
You ever thought I was  
You ever thought I was

### **Verse 3**

Each time you left, there was a hunger  
I felt so dead, I couldn't take anymore  
Losing your love, it left me stronger  
I never noticed

### **Pre-Chorus**

And I hate that you're gone  
And I hate that I don't wanna let go  
And I hate that you think that I'm weak  
Cause I don't wanna let you know

### Chorus

That I'm gonna build castles  
From the rubble of your love  
From the rubble of your love  
I'm gonna be more than  
You ever thought I was  
You ever thought I was

Oh Oh Oh  
Oh Oh Oh

I'm gonna build castles  
From the rubble of your love  
From the rubble of your love  
I'm gonna be more than  
You ever thought I was  
You ever thought I was

I'm gonna build Castles  
From the rubble of your love  
From the rubble of your love  
I'm gonna be more than  
You ever thought I was  
You ever thought I was

I'm gonna build Castles  
From the rubble of your love  
From the rubble of your love  
I'm gonna be more than  
You ever thought I was  
You ever thought I was

I'm gonna build castles  
From the rubble of your love  
From the rubble of your love  
I'm gonna be stronger than  
You ever thought I was  
You ever thought I was
